Stalls Jammed With Fine Grades of California Fruit and Vegetables.

FRESH EGGS AND BUTTER COMMAND GOOD PRICES

Fine, Fresh Poultry Displayed and Fish Market Offers Everything.

With the present mild weather and the approach of spring, business is daily increasing on market row, and the spring vegetables and fruits which are constantly arriving give to the stalls a very inviting appearance.

A large consignment of Eastern sweet potatoes came in yesterday, and are retailing at four pounds for 25 cents, which will enable lovers of the yam to have their fill.

A very fine display of California fruits may be seen daily, and they continue to arrive in quantity, although on account of the demand oranges were a little higher yesterday, the seedless navals selling at 40 and 60 cents. Lemons are selling at 20 cents and grape fruit at 10 cents apiece.

Spinach is now arriving in larger shipments, and is selling two bunches for 15 cents, while celery is still clinging to the market with a death hold, and is selling as high as \$1.50 a dozen, which will prevent any tremendous demand.

It will be a pleasure to many to learn

It will be a pleasure to many to learn that tomatoes are becoming more plentiful, and before long will be on the

ful, and before long will be on the market in quantity.

The sale of cranberries all along the row has been quite heavy for the past week, as the dealers are selling a very good grade for 4 and 5 cents a quart.

The dairy market is very unsteady, the best creamery butter going up to 40 cents, while eggs are fluctuating, although domestic cheese remains the same.

Poultry is scarce, but what there is is good, and dressed springs can be bought for 15 cents, ducks for 20 cents and geese for 25 cents a pound.

The fish market is rather slow, and some of the most popular kinds, such as striped bass and sea bass, has disappeared altogether.

In the wholesale produce market prices remain just about the same.

## LIGHTER TRADING IN CHICAGO WHEAT PIT

Friday's Holiday Suspension Causes Reluctance to Open New Accounts.

CHICAGO, Feb. 21.—Trading in the wheat pit was only moderate in volume because of the reluctance of many traders to open new accounts preceding the holiday tomorrow. Commission houses were fair buyers at the opening, but offerings were light, and for a short time the market held steady. Cold weather in the winter wheat belt and small receipts in the northwest were chiefly responsible for the demand. The market soon eased off, however, on selling by pit traders, but rallied again before the end of the first hour on renewed huying by commission houses. During the remainder of the day the market was unsettled, but near the close sentiment became bearish, and longs sold freeely.

The close was easy. May opened 1/3c lower, at 771/3c to 771/3c, sold between 771/3c and 777/3c, and closed 1/3c lower, at 771/3c.

Despite favorable weather for the movement, the receipts of corn today were less than had been estimated.

Despite favorable weather for the movement, the receipts of corn today were less than had been estimated. This deficit was responsible for a firm tone, which prevailed all day. Commission houses and cash interests were free bidders, but offerings were light. The market closed firm. May opened unchanged, at 46%c, advanced to 47%c, and closed 14.0%c up, at 47% 047%c. WEAK MEN

So-called "Weakness" in men is merely a symptom of chronic inflammation in the prostate gland, brought on by early dissipation or by the improper treatment of some contracted disease. A complete and radical cure in therefore, a question of restoring the prestate gland to fis normal state, and this we accomplish promptly and completely without the use of internal remedies. Our treatment is a local one entirely. It is original and scientific, and has been proved absolutely effective by thousands of tests. We are convinced that by no other methods can full and permanent restoration of strength and vigor be accomplished.
